

### Remarks

After entry of the foregoing amendments, claims 1-4 and 10-28 are pending. Claim 26-28 are newly added. Support for these claims may be found in originally filed claims 1, 13, and 14 and Figure 8. Applicants submit that no new matter has been added.

In response to the election of species requirement, Applicants elect compound 686 depicted in Figure 8. Applicants respectfully submit that all of the currently pending claims read on the elected species.

Applicants respectfully request that the claims to the elected species now be examined on the merits and, if found allowable, the search be extended to the genus found in Claims 1, 13, 14 and 20. Should the Examiner have any further questions, please contact the undersigned at the telephone number listed below.

Respectfully submitted,
